**Size:** 8 Acres

### Park Features:

- Soccer Field
- Softball Field
- Parking Lot for 48 vehicles
- Play Area
- Half Court Basketball
- Picnic Area/Tables
- Shade Structure
- Restrooms

### Planning Process:

The original plan called for this park to be constructed in summer 2005. The park went to bid in May 2005. One bid was received and it was \$400,000 above the approved budget. No additional funding was available to increase the park budget. Staff recommended the park be re-bid in February 2006. The goal was to receive more bids, resulting in lower construction costs. The second bid process was successful and park construction is scheduled to begin once environmental permits are received.
